Bedell Management Services (Mauritius) Limited is a management company incorporated in Mauritius and is licensed and regulated by the Financial Services Commission of Mauritius. The business environment is becoming increasingly complex with technological and market conditions changing at a fast pace. We are committed to provide high quality fiduciary and administration services to our clients and provide the best solutions in a cost efficient and timely manner.

Why Mauritius?

Mauritius is a tax treaty jurisdiction. Economic development is increasingly focused on the East and Mauritius is an attractive gateway for investment into Africa and Asia – particularly into India, China, South Africa and South East Asia and has strong links with all of these jurisdictions. The Mauritian double tax treaties provide efficient tax structuring in relation to income tax, capital gains tax and withholding tax.

Mauritius is politically stable and is on the OECD white list.

Other attractions are its well regulated finance industry – with adherence to international best practice, its convenient time zone (GMT +4), an educated and multilingual workforce, favourable company and commercial legislation, absence of exchange controls and free repatriation of profits and capital.
